Outstanding Items at Previous Meeting

Discussion:

Item # 2015-030	Date initiated: December-16-15
------------------------	--------------------------------

Item details: Grounds testing for Plants

Recommendations: Get hot stick inspectors to inspect plant grounds next time they are in town

Actions taken: - Boyd, Rex, and Kelly to coordinate
- Andy to follow-up with responsible parties – suggest electricians complete this work in plants
Boyd response: We can have our Maintenance Electricians visually inspect and test the plant grounds with our Fluke Ground test equipment during maintenance trips. There would only have to be a Work order entered into the system to do this on a regular interval of either annually or biannually. There must be a visual inspection carried out prior to each and every use.- YK has a grounds tester. Roger to contact Grant about using the grounds tester in Inuvik. Coordinate with Bob and Kelly to have plant grounds tested. Ft. Simpson already has a piece of equipment to do that. Will complete Dehcho sites. Darren Hazenburg to send test unit to Inuvik next week – has arrived in Inuvik and will be testing ground chains and making equipment available to Plant Electricians for testing plant grounds

- Instructions and DVD came with equipment.
- Electricians to test grounds in each Thermal community when they are in there.
- Biannual ground fluke testing to be entered by Les into CMMS.
- Les will copy Kyle on this. (Les to do make sure this is done)
- Roger to fit in testing this summer and to show electricians the tester so that they can test plant grounds and to coordinate hot stick testing with Bob for the communities.
- Boyd has most of his communities completed.
- Bob to check if entered on CMMS
- Andy to follow up with Kyle to confirm Beau-Delta plants also have this entered on CMMS

Email from Kyle:

Hi Andy
I looked at the preventive task list and don't see ground testing in there anywhere.
I will check to see what all is involved in testing the ground and see where I can get it added or if it needs its own work order.
Thank you

Andy to follow up with Viola

Dean Hendrickson has taken this on. Andy to follow up with Dean RE: completion
- no response from Dean
- Followed up with Dean on behalf of JOHSC to get update – Feb 27
- No response from Dean – Mar 29

Initiated by: Boyd	Date required: January-31-17

Item # 2016-012	Date initiated: November-3-16
Item details: Casual Plant Superintendent training delayed because no Neevee - Where are certificates going now that Neevee is gone? –	
Recommendations: Bob , Daniel and Andy to coordinate when Daniel is back Andy to email HR to find out where certificates are being sent	
<p>Actions taken:</p> <ul style="list-style-type: none"> - Emailed Sharmayne – waiting for response – Sharmayne says to email her any training records. They have sent out any certificates that they received. - HR Recruitment status report shows first screenings for training coordinator position to take place Jan 15. - Bob will email HR and ask them to make the casual plant superintendent training session a high priority for the incoming training coordinator – done - Monitor to see if training coordinator is staffed by next meeting (Feb 24) - Response from Erin Dean at HR: “We have the 3rd (and final) round of interviews taking place this week. Two candidates have made it to this stage and both will be here in Hay River to meet with members of the HR and HSE teams. We hope to be able to make a decision by end of week. I anticipate a start date of at least a month out because either candidate would require relocation.” - HR says new training coordinator will start April 18th - After April 18th – need to contact HR and identify a block of time in Sept for the plant casual super training.
