Outstanding Items at Previous Meeting

	Health & Safety Management System Form: JOHSC Meeting Minutes	Page 2 of 5
	Monitor: Director, Health, Safety & Environment	Form #: 14.04.2

Item # 2017-12	Date initiated: November-24-17
Item details: Canada Safety Council JOHSC training	
Recommendations:	
Actions taken: Followed the training but only able to complete up to module 4. Presentation would not allow to progress past this module. Kristen will try to find out from training vendor if there is a fix. - Kristen still working on this - no update – Andy to message Kristen again. Received response from Kristen. Will schedule training for April -Update April 30 – Cannot login. Have contacted Kristen and she has same problem and will follow up with training provider. - Try to do in August. Set for September 24 – afternoon - Completed modules 1-4 on Sept 28 - Next month (October) modules 5-7 - reschedule to December 5th	
Initiated by:	Date required: February-26-18
Responsible party:	Date complete:

Item # 2018-08	Date initiated: January-26-18
Item details: Review of incident investigations - Inuvik incorrect lockout - Inuvik Fire alarm while welding - Colville Lake Improper service hookup	
Recommendations: - Inuvik incorrect lockout: Recommend that valve labelling is checked in satellite plants as well. Coordinate this with CMMS, maintenance staff, and Andy - order labelling kit - summer student or apprentice to make labels and affix - to be checked by maintenance staff	
Actions taken: - Andy - sent link to maintenance managers re: labelling kit and tags available from Seton - Boyd received tag kit in Simpson. Bob hasn't ordered his kit yet. - Plant superintendents to install valve tags based on valve numbers in drawings - Les to send req# to Bob so he can order same valve tag kit. - Bob to order kits for his plants following Boyd's requisition # 19257 - check with Bob in August - check with Bob in September - Bob's requisition is in. Waiting for delivery to Bob - Bob has received. Engineering to be involved in tagging/numbering/standardizing. - Examine scope of this project at November meeting - John to bring up this project with Mike. Determine if capital or operations budget. Size of project.	
Initiated by:	Date required: December-28-18

Responsible party: John	Date complete:
--------------------------------	----------------

Item # 2019-10	Date initiated: June-28-18
Item details: Training for casuals in communities	
Recommendations: Actions taken: Discussion - Need to do a better job of training casuals - Casuals have no experience with outages - Plant Super should bring in casual when they have an outage. For some Plant Supers this is rare. - Casual staffing changes from year to year in some communities - Fort Good Hope outage – casual had missed safety training in Inuvik Fall 2017 - casual was doing everything he had been taught but it just wasn't working (3 hr outage) - 5 people already on site when casual arrived to address outage – added pressure - Review Concern Report at next meeting (when submitted) - Sahtu Work protection training completed as well as follow-up with Daniel Bruneau Aug 7-15 - Beau-Delta plant casuals to receive training last week of September - QEW training completed - QEW - Follow-up with Plant Supers needed to verify they can identify/change fuse and to rack out their own breaker (with line crew and electrician). - Follow up with David Dewar Re: training verification. (for Dec 28)	
Initiated by: Daniel Bruneau	Date required: December-28-18
Responsible party: Andy	Date complete:

Item # 2019-11	Date initiated: June-28-18
Item details: Camlock plug incident (05-22-18 Ft Liard Glycol Spill).	
Recommendations: Comments: - Do H&S Alert after plant visits in August – everything that can leak should have a valve and a plug that works - Work order – Kyle to mechanics – Look at valves and ensure camlock, cap or plug installed. - Follow-up with Daniel for December meeting	
Actions taken: Reviewed	
Initiated by: Daniel Bruneau	Date required: December-28-18
Responsible party: D. Bruneau / A. Crowther	Date complete:
