As an NTPC employee it is your responsibility to ensure your timesheet is completed accurately and on time. Failure to comply with submission may delay the payroll process. **Failure to submit your timesheet may result in no pay for the pay periods not submitted.**

The deadline for timesheet entry is **noon on the Monday following pay day.**

Timesheet coding must be accurate and reflect rules under the Collective Agreement. A list of [pay codes](#) can be found in the Training Library on [Powerbox](#). If you have any question about using the pay codes correctly please contact your department's timesheet entry person or the [Payroll Officer](#).

Timesheet entry is completed using a program provided by JoeSoftware called **Penny**.

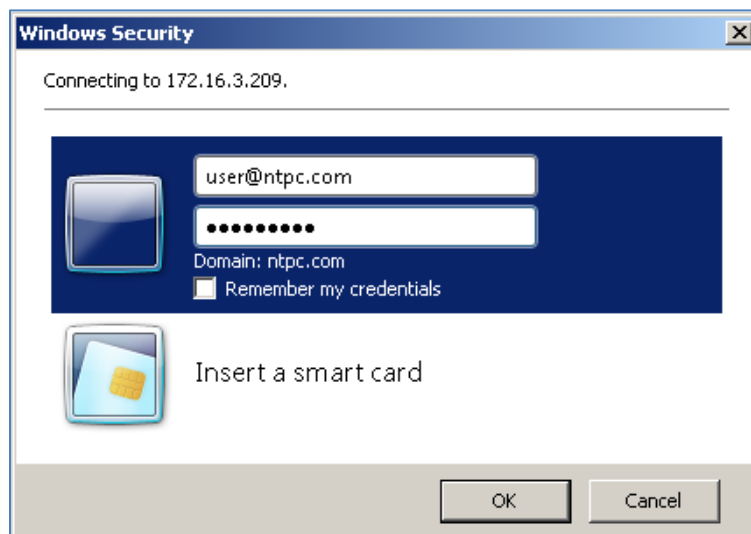

### Accessing Penny

Penny is accessed through Internet Explorer. It is accessible from any computer internal or external to the Corporation's network, as long as it has an internet connection.

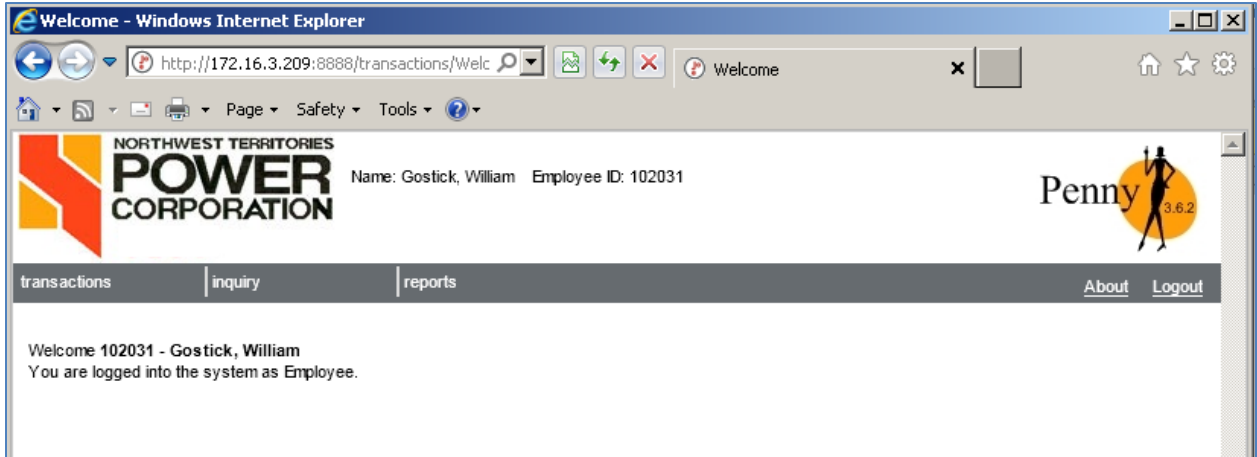

1. Open Internet Explorer.
2. In the address bar type <https://timesheet.ntpc.com> and press enter.

3. You will be prompted to enter your NTPC login information. Enter your username in the form [user@ntpc.com](#) and your password.

- Once signed in successfully you will be directed to the welcome screen showing your employee number, name and the type of user you are signed in as (Employee, Reviewer or Manager).

If you have trouble signing in, please contact the [Payroll Officer](#).

## Change your Password

If you wish to change your password:

- Click on **transactions** in the menu bar and select **change password**.

- Enter your old password. Type a new password and re-enter to verify. Click **update**. Please note this will change your windows login.

## Entering a Timesheet

To enter and submit a timesheet:

1. Click on **transactions** in the menu bar and choose **timesheet** from the drop down menu.

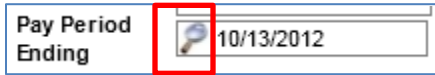

2. A new timesheet entry window will open.

3. The **Pay Period Ending** date selected by default will be the current one. Pay Periods cover a 2 week period.

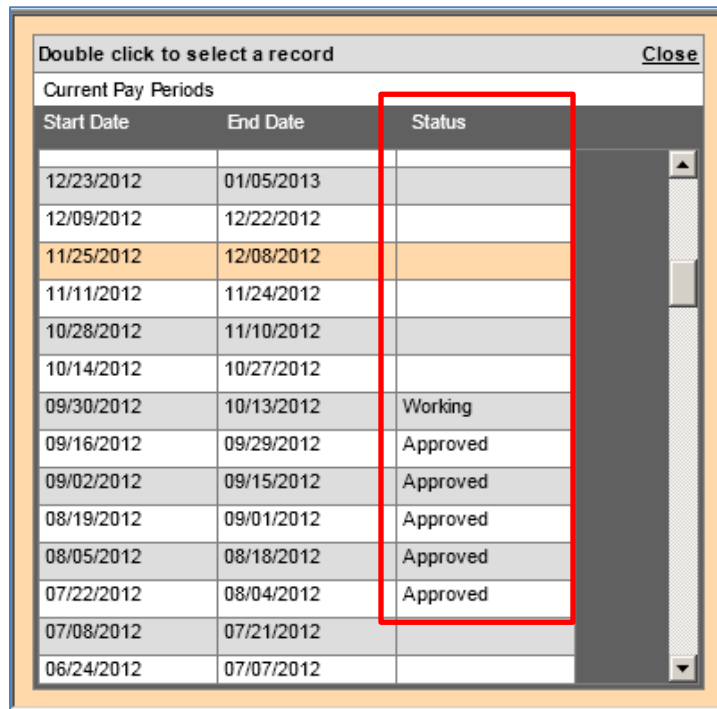

4. If you wish to enter time for a different week, click the lookup button beside **Pay Period Ending**.

Pay Period Ending 10/13/2012

5. The **Current Pay Periods** window opens. Double click on a pay period from the list to select it. The status column provides information about each pay period.
- **Approved** - pay period that you have entered time for and your manager has approved but has not yet been processed by payroll.
  - **Exported** - pay period that has already been processed by payroll.
  - **Declined** - pay period that your reviewer or manager has declined for reasons such as incorrect coding.
  - **Working** - pay period that you have entered time in and saved but not yet submitted for approval.
  - **Submitted** - pay period that you have submitted for review and approval.
  - **Revised** – pay period for which you have resubmitted a timesheet after it has been declined.

<b>331 Uncertified Sick Leave 7.5</b>	7.5hr employee is sick but has not produced a doctor's note
<b>333 Uncertified Sick Leave 8.0</b>	7.5hr employee is sick but has not produced a doctor's note

If you need a Pay Code that is not listed, please contact the [Payroll Officer](#) for assistance.

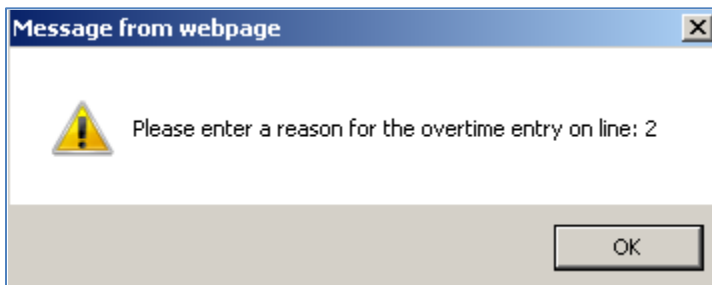

10. You can add a comment for any hours entered by clicking on the note field beside each entry box. Type in your note and click save.

Once saved, the note will appear blue to indicate a note was entered for those hours.

If you enter OT hours, you **MUST** enter a note to describe the work completed. If you try to save your timesheet without entering a note for OT hours you will receive the following error indicating which line is missing the note.

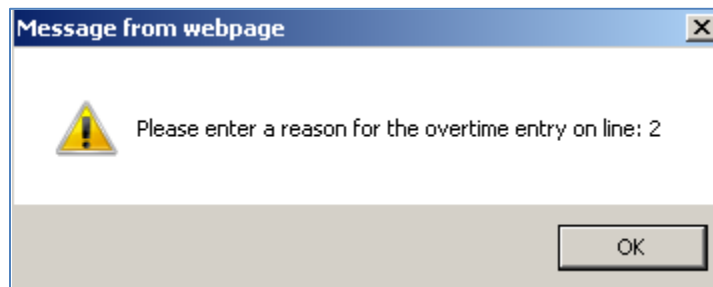

11. If you enter OT hours, you **MUST** also select an OT reason code from the drop down box.

- **Controllable** – non-emergency situations where the manager has made the decision to approve overtime as it is the most cost effective use of Corporate resources.
- **Uncontrollable** - when an emergency is declared, during response to a power outage or a high probability of risk to the reliability of the power supply or damage to equipment. Other unavoidable situations approved by the manager such as unavoidable after hours travel requirements may be included.

If you try to save your timesheet without selecting a **Reason for OT** you will receive the following error indicating which line is missing the reason.

12. Be sure to click the **Save** button periodically as you enter your time. Penny will timeout after 45 minutes of inactivity. If you have not clicked save you will lose everything you've entered. At any time during the current pay period, you can save your entries and return to your timesheet to add or make changes.

13. By default there are 10 lines available to enter time. If you require additional lines click the **Save** button to save what you have already entered. In the **Number of Lines** box enter the total number of lines you need and click **update**. The additional blank lines will be added to the bottom of the time entry grid.

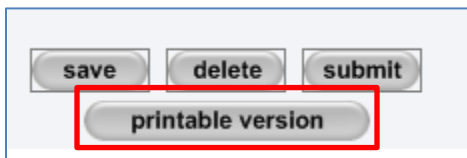

A screenshot of a web form element. It consists of a label 'Number of Lines' followed by a text input field containing the number '20'. To the right of the input field is a button labeled 'update'.

14. If you wish to delete what you have entered and start over, click the **delete** button. Note that this will delete the entire timesheet.

If you have entered your time in an incorrect pay period, its best practice to delete that timesheet rather than leaving the time entered. When you are ready to code for that period you will start with an empty page. This will help prevent incorrect submissions.

15. Once you have completed your timesheet for the current **Pay Period Ending** date, save all your changes. Print a copy of your timesheet by clicking the **printable version** button.

The completed timesheet will open in a new Internet Explorer window. If required by your department, sign the printed timesheet and deliver to your reviewer/ approver.

16. Click the **submit** button. Once you have submitted a timesheet you can no longer make changes to it. If you need to make changes to it, please contact the [Payroll Officer](#) to have the timesheet declined and made available for editing.

## Declined Timesheets

If you submit your timesheet and your reviewer or manager has declined the timesheet, it will once again be available for you to modify with a status Declined.

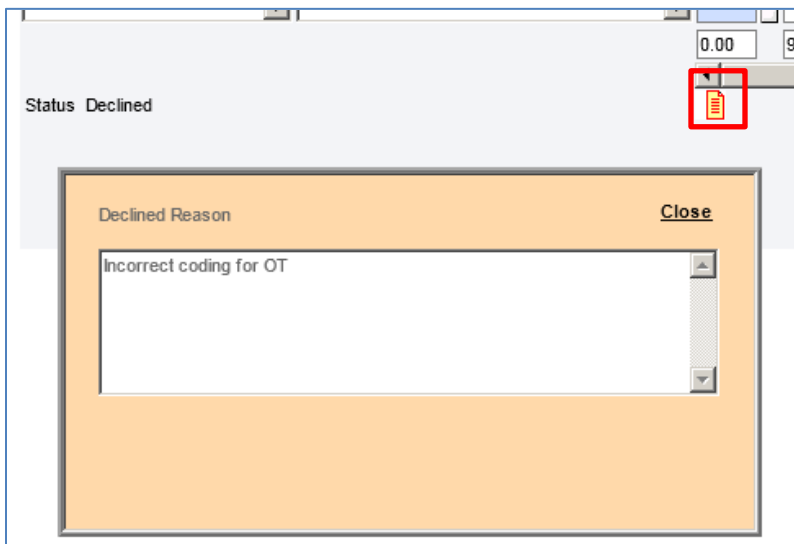

1. Open **Timesheet Entry** and select the correct **Pay Period Ending** date. The status will show as **Declined**.

The screenshot shows a window titled "Double click to select a record" with a "Close" button. Below the title bar is a table with the following data:

Start Date	End Date	Status
12/23/2012	01/05/2013

2. The reviewer or manager that has declined your timesheet will have entered a note stating why they have declined it. Click on the note beside the Declined status to open the note box.

3. Make changes to your timesheet as required and submit again for review and approval.

## Viewing Timesheets

You can view and print any timesheets you have entered into Penny.

1. Click on **reports** from the menu and select **timesheet entry** from the drop down menu.

2. Select the **Pay Period Ending** date for the timesheet you wish to view. Click **display results**.

3. The selected timesheet will open as read only in a new window. Click **printable version** if you wish to print a copy.

## Leave Requests

Electronic leave requests allows for online submission, approval and tracking of all employee leave.

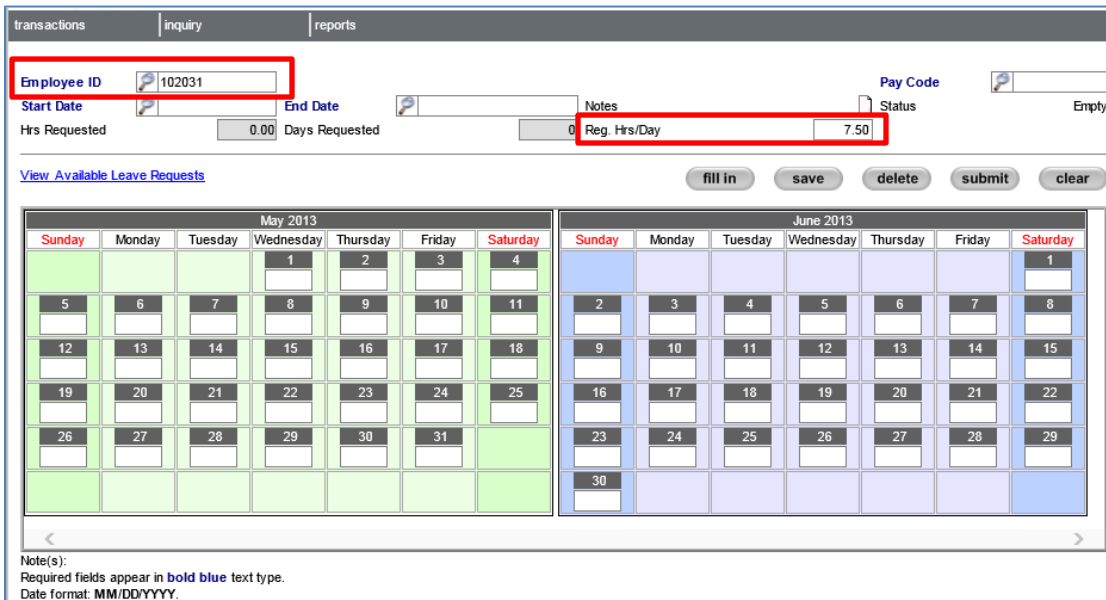

### Entering a Leave Request

To enter and submit a leave request:

1. Click on **transactions** in the menu bar and choose **leave request** from the drop down menu.

2. A new leave request entry window will open. Your employee ID will be populated and the regular hours you work per day will appear.

A screenshot of the leave request entry form. The form has a header with 'transactions', 'inquiry', and 'reports' tabs. Below the header, there are several input fields: 'Employee ID' (with value '102031'), 'Start Date', 'End Date', 'Notes', 'Pay Code', 'Status' (with value 'Empty'), 'Hrs Requested' (with value '0.00'), 'Days Requested', and 'Reg. Hrs/Day' (with value '7.50'). The 'Employee ID' and 'Reg. Hrs/Day' fields are highlighted with red boxes. Below the form fields, there are buttons for 'fill in', 'save', 'delete', 'submit', and 'clear'. At the bottom, there are two calendar grids for 'May 2013' and 'June 2013'. The 'May 2013' calendar shows dates from 1 to 31, with the 1st through 4th highlighted in green. The 'June 2013' calendar shows dates from 1 to 30, with the 1st through 4th highlighted in blue. Below the calendars, there is a 'Note(s):' section with the text: 'Required fields appear in bold blue text type. Date format: MM/DD/YYYY.'

- If you have saved or submitted a leave request previously, click the [View Available Leave Requests](#) link.

[View Available Leave Requests](#)

- The leave requests window will open listing all of your previous requests and their status. Double click on a leave request to open it. You can make changes to and delete a Working or Submitted leave request. An Approved leave request cannot be modified or deleted.

9. Enter a note if required by clicking on the note icon.

Once saved, the note will appear blue to indicate a note was entered for this request.

10. If you wish to clear the calendar and start over click the **clear** button.

11. Click **save** to save everything you've entered. You can return to a saved request at a later date to complete it.

12. Click **submit**. Your manager will receive an email of your submission and can approve or decline your leave.

If you try to submit a leave request for a date in a pay period that has already been submitted, approved or exported you will receive an error and will not be allowed to submit the request.

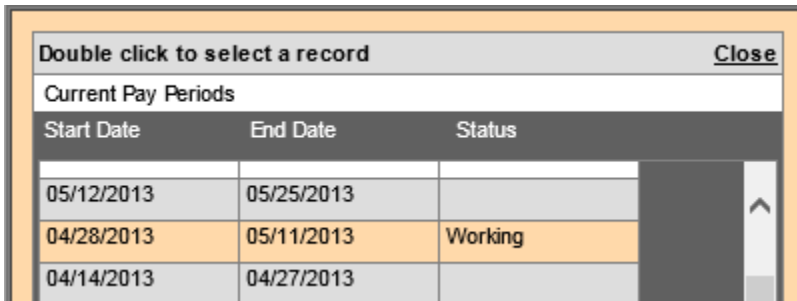

## Approved Leave Requests

Once a leave request is approved by your manager, the hours and pay code are entered automatically into the appropriate timesheet and that timesheet status is set to working.

1. Click on **transactions** in the menu bar and choose **timesheet** from the drop down menu.

2. Click on the **Pay Period Ending** lookup. The timesheet for which you have been approved hours for leave will show as working. Double click on it to open the timesheet.

3. The hours and the pay code for the approved leave is populated and highlighted in orange. You must select a project to complete the entry.

The screenshot shows the timesheet grid for Employee ID 102031, Gestick, William. The grid has columns for days of the week (4(S), 5(S), 7(T), 8(W), 9(T), 10(F), 11(S)) and hours (Reg Hours, OT Hours, Non Hour). The 5(S) column has a value of 7.50, and the Pay Code column has '330 Certified Sick Leave 7.'. Both are highlighted in orange. The grid also includes columns for Location, Project, and Reason for OT.

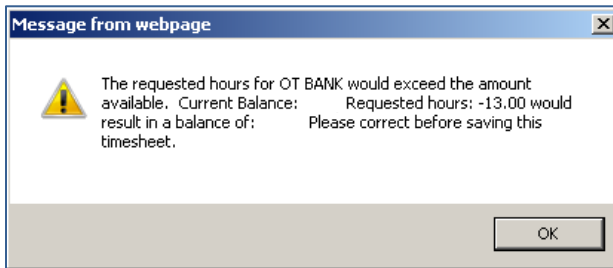

If the leave you are actually taking is different than what has been approved, enter the timesheet accurately and make a note beside the hours to indicate the difference. You **DO NOT** need to modify your original leave request to match the timesheet.

- Complete and submit your timesheet as usual. If you have requested and been approved for more hours than you have available in your leave bank, you will receive an error. Adjust your timesheet accordingly and make a note about the changes from your original request.

## Declined Leave Request

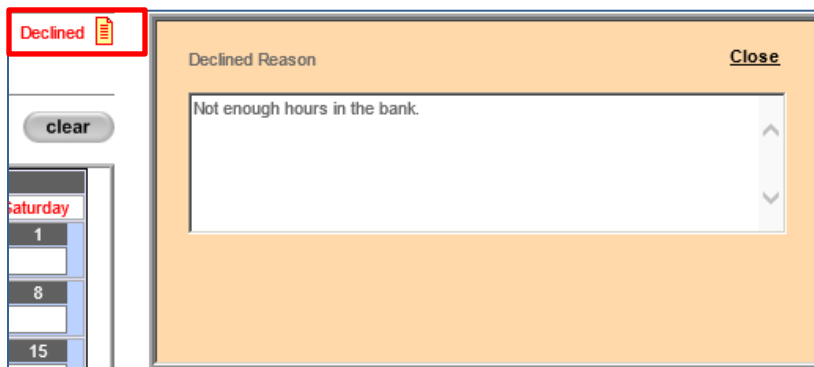

If you submit your leave request and your manager has declined it, it will appear in the Leave Request list with a status of Declined.

1. Click [leave request](#) from the transaction menu and click the [View Available Leave Request](#) link. The status will show as **Declined**. Double click on the request to open it.
